Mission & Vision

University Preparatory School is an educational community invested in developing confident, capable, and compassionate citizens; its mission to immerse all students "in rigorous academics and meaningful extra-curricular activities" is supported by a collaborative and close-knit community of staff, students and parents and is based upon educational research and professional experience. The faculty and staff work together to provide students with many opportunities to excel academically and develop their potential as educated leaders and citizens in the 21st century through a rich and varied extra-curricular program. This vision is supported by offering a seven- period day to students from grades 6 through 12 so that they may pursue academic interests, such as studying multiple world languages or continue their development in the arts, including dance, drama, art, and music. The objective of this mission is to enable all students to become self-motivated, competent, and lifelong learners.

December in ASB was a month filled with winter holiday excitement. On December 6, Student Government promoted our annual "Ugly Sweater Friday", which brought out some fun fashion statements, adding to holiday cheer. On December 7, ASB students took turns serving the Redding community by bell ringing to raise funds for the Salvation Army. The following week, ASB hosted the second quarter Students of the Quarter ceremony on December 11. Rounding out the end of the semester, ASB spent a bit of class-time sharing "Secret Santa" presents and competing in teams to build the best graham cracker "gingerbread" houses, providing fantastic bonding time before the winter break.

In January, ASB will be assisting U-Prep staff and Administration with the Academic Awards ceremony on January 15, celebrating the academic accomplishments of U-Prep's honor roll students. January 21-24, heralds Kindness Week. ASB students aspire to instill kindness throughout the campus as they host kindness week activities. January 27 – February 1 marks Winter Spirit Week, with a Disney theme. Each day will focus on various Disney movies with students encouraged to dress up, show school spirit, and support our sports teams throughout the week. On Friday, January 31, we will host an all-school rally in the Stuart Gym, followed by the "Enchanted" high school semi-formal on Saturday, February 1 from 8:00-11:00 PM.

DANCE DEPARTMENT NEWS

The U-Prep Dance Team had a blast performing at the Sacramento King's halftime this past weekend. They joined dance and cheer teams from around the Northstate for this awesome opportunity. There is nothing like performing in a giant arena in front of thousands of people.

The Dance Team is looking forward to their first competition on Saturday, February 1. The junior high team will be competing at Anderson High School while the high school team will travel to Fair Oaks.

If you know someone who would love the opportunity to perform with the U-Prep dance team, the team is holding a clinic in February. A flyer with complete details is included in this newsletter.

The Dance Department continues to be hard at work on their choreography for their upcoming Just Dance! performance on March 13th and 14th. Save the dates and look for further details next month.

VISUAL ARTS WITH MS. WILHELM

Ms. Wilhelm is pleased to introduce three of her student artists who will be showcasing their art during the Redding Cultural Cruise at Mosaic Restaurant Gallery on Friday, January 31, 2020

Featured Artist: Becca De Los Santos

Always having had a liking for boldness, Becca De Los Santos is honored to present a collection of acrylic works after a childhood of embracing and translating her affinity into art. She grew up "The Artist" of a nomadic military family and applied on her artistic tendencies to paper ever since she could accurately draw a pig in preschool. A drawer by nature, Becca has only practiced painting for the last four years, previously concentrated in ink and graphite illustrations. Having moved ten times in her seventeen years of life, she has observed the value of curiosity in culture's across the United States and abroad. Despite the multitude of sketchbooks she has crammed with sketches, she still seeks new opportunities to take on the stories of differences and contradictions between one group and the next, facts and fiction, past and present, etc. Where there is change, there is bound to be tales worthy of being told through color and light. Most recently, Becca has come back from a year in France and is excited to apply her experience, full of questions, and exploration, on canvas. She will be graduating from University Preparatory School this May and attend Stanford University in the following fall.

Featured Artist: Talem Baek

Creativity has always been her title and anthem. With disregard for the norm, driven by sense perception and aesthetic, Talem Baek began as a young girl drawing snakes coming alive from foliage and girls without eyes. The other kids would ask why, the adults called her talented and the religious named her prophetic.

Currently creating a life that she loves, Talem is proud to present these pieces inspired from her peculiar dreams, colors, distinct sound, and feeling: sublime, surreal, and trippy. In this collection, she has rediscovered her roots, living and breathing into them and it's process: reveling in the serenity of the 2am solitude, prizing the music that she so loves and listens to when creating her work, being unconquered with the paint, in control of her own hands and it's movement.

Featured Artist: Jaden Ji

A skill that developed because her stick figure elephants were above average for a six year old, Jaden Ji is proud to present a set of works in acrylic featuring realism in an abstract form. Now seventeen years old, her elephants have evolved. From a background of graphite and ink drawing, she takes years of practice in realism and composition inspired by numerous artists on the internet to paint the two together into a message about the beauty in life, both literal and figurative. To appeal to literal beauty, there are flowers everywhere. However, there is also a motif of red spider lilies. Red spider lilies typically represent death; in combination with the opened eyes, it more symbolizes an end of innocence, as well as celebrating the ability to see beyond a cloud of ignorance. Golden chrysanthemums also appear, an icon of sorrow and mourning; decay and the loss of viridity are mourned, the lackluster chandeliers and tiles of the bathroom tarnished with wear. Yet it is all adorned with flowers to beautify what is a depressing scene. Mortality is celebrated, but life is what allows death to be. The eventual deterioration of things is what adds value to existence, and the effervescence of existence is what gives decay its meaning.

U-Prep winter cheer season is underway and our girls are busy this season! Our high school cheer team had a great first game this week cheering at the home games versus Corning High School.

Both our junior high and high school teams will kick off their competition season on Saturday, January 11. Our junior high cheer team will attend West Cottonwood's competition and the high school team will attend USA's Cheer competition hosted at Deer Valley High School in Antioch, CA. Go Panther Cheer!

Over the holiday break, all of our teams took some time off to spend with family and friends, but our program ended break by hosting a Youth Cheer Camp on Jan. 2 - 3rd. The camp was attended by 27 local area youth from grades kindergarten through eighth grade and a ton of fun was had! U-Prep cheerleaders taught the campers a cheer, a dance and some stunts to perform during the first JV home game halftime. Cheerleaders benefited from working with their partners and had a great time giving back to the campers who now admired them.

TRAVEL ABROAD with SEPA

"Travelling is like food for thought to our brain. It changes your perception of life. It teaches you things that are beyond books. It teaches you how to live. People usually think it's a waste of money or it is something for the rich. But I say it's for everyone. Since ancient times people traveled far and wide to earn livelihoods and learn new things. It's not a recreational activity but a way of life."

One of the main advantages of traveling is getting educated in a pleasurable way. Supposedly, you visit a country, say, France. We all have read about its rich culture and history in our textbooks out of which at least half of it is forgotten. But when you go there and experience it truly, which you probably would have experienced vicariously through books, photographs and videos, then that knowledge gets imprinted in your minds forever." -Anusha Srivastava

SEPA is now accepting travelers for our summer 2021 tour. Join us as we travel to the Alps, Provence, Barcelona (Switzerland, France, Spain, and Italy). On our 13 day tour, we will experience the history from the Lion Monument in Lucerne, enjoy a scenic journey via the Italian Lake District and Cinque Terre, and visit a UNESCO World Heritage Site, through the French Riviera, Monaco, **Nice la Belle or "Nice the beautiful". We will visit Pont du Gard in Provence and Nimes Amphitheater, and travel through to Madrid and tour Puerta del Sol; Plaza Mayor.. and so much more.
